

Emergency Announcement

As you may know, Gov. Malloy has declared a State of Emergency for the entire state. Your Board of Selectmen has likewise declared a local emergency for Madison. You are receiving this call because it is extremely likely that your neighborhood will be flooded. You are therefore requested to evacuate your home by sundown Saturday. If you do not have another place to go, we are offering emergency shelter at the town gym on the town campus.

Please take this call seriously. Winds in excess of 50 miles per hour are expected by midnight Saturday and in excess of 100 miles per hour by sunrise Sunday, accompanied by major wave action and flooding. If you have not left by midnight Saturday, we may not be able to help you should you have an unsafe situation later on.

Thank you. Good luck and stay safe.

Fillmore McPherson
First Selectman
Town of Madison, CT
