AGENDA

1. Guests welcome/ public comments/Chair's comments

3. Minutes/notes of last meeting  
Tabled for next meeting - Lynn to resend.
4. Complete Streets Ellen  
Traffic slowing on middle beach road and increased signs (including local traffic only) related to COVID and appears to be a decrease in vehicle traffic. Late March was problematic with having space to drive/walk  
Did do some sensing with neighbors at the start - many were responsive and excited about something being done. (letters & emails) they followed up with neighbors to reach out to Chief Drumm  
Adoption of the Complete Streets policy provided some leverage
5. Bike Friendly Community application Bruce  
Results are back and to be announced June 10.  
Opportunity to adjust application for the next round. In the future, we should each look at it as well as their score cards with additional details. (Examples of prior

score cards can be found here:

more people are walking and biking around town more frequently - is it worth a follow up survey to town from original town. What kind of feedback might we get from recent experiences? may be an opportunity to get higher sense of urgency.

Try to get it out in the middle of the month. David can help make sure it gets up to website. Ellen to lead, Lynn to help.
